New Jersey Lottery Instant Game Players Claim More than \$6.3 Million in Top-tier Prizes in May

TRENTON, NJ – (June 26, 2014) – New Jersey Lottery instant game players claimed more than \$6.37 million in top-tier annuity prizes during the month of May. The list was topped with three, million dollar wins from scratching and winning the 50X Money, and two Diamond Spectacular game tickets from different game series.

Our lucky player of the month is Raquel from Perth Amboy in Middlesex County. This lovely lady doesn't typically play the lottery. She was grocery shopping with her mother in Pathmark of Woodbridge, 1600 St. George Ave., in Avenel. Mom stopped to buy one of her favorite Crossword instant tickets. Raquel decided that she too would buy just one ticket. One ticket is all you need to win and Raquel did just that! Raquel scratched and won the top prize from the \$500 a week Win for Life game.

Along with Raquel's, there were 70 top-tier winning tickets sold from games that span the instant game brand categories. In addition to the three \$1 million winning tickets sold, top-prizes ranged from the \$500,000 Lucky Streak to 18 \$10,000 winning tickets sold. The complete list of claimed winning tickets is in the chart on the following page.

New Jersey residents benefit from Lottery funds generated by ticket sales. Lottery revenue supports educational programs, grants and institutions across the State. Since its inception in 1970, the New Jersey Lottery (NJLottery.com) has contributed more than \$22 billion to the State in support of education and institutions. Among its beneficiaries are: veterans homes, community and other colleges and universities, school nutrition programs, homes for the developmentally disabled, psychiatric hospitals, higher education scholarship programs and the Marie Katzenbach School for the Deaf.

The chart on the following page lists the instant games and the lucky retailers who sold top-tier prizes valued at \$10,000 and above, in May.
